ABOUT THE GAME

Pickleball is played on a badminton court using a perforated plastic ball. The game is easy for beginners to learn, but can develop into a quick, fast-paced game for experienced players.

THE COURT

A pickleball court measures 20x44 feet. In pickleball, the same court is used for both singles and doubles play. The net height is 36 inches at the sidelines and 34 inches in the middle.

THE EQUIPMENT

When playing Pickleball, each player uses a pickleball paddle, which is similar to a ping-pong paddle, but larger in size. The ball itself is unique, with holes through it like a wiffleball; there are different ball models intended for indoor and outdoor play. The ball travels at 1/3 the speed of a tennis ball.

WHEN, WHERE AND HOW MUCH

As a member of the Rose E. Schneider Family YMCA or Butler YMCA, pickleball is offered at no charge. For all other guests, the fee is \$10.00 per day. All pickleball participants will need to ask for a Pickleball Pass while checking-in at the Membership Desk, and will turn in the pass when signing in at the courts. Open pickleball days and times are available on the Pickleball Schedule.

INTRO TO PICKLEBALL CLINICS

These clinics are designed for the new player looking to improve their knowledge of the game while meeting new people and building relationships. This is a single day class, offered once a month, that teaches the basic techniques and rules of the game.
